

Coronavirus:

Helping Your Clipston Neighbours

As the concerns about coronavirus escalate, there has been lots of discussion about helping people in Clipston who may be self-isolating or may need to in the future. We all need to be very aware of who our neighbours are and try to make contact with them if we think they might be alone or needing support.

If you are fit, healthy and not self-isolating

Please think about who lives near to you and identify anyone who may be vulnerable (those who live alone and those over 70). Use the forms below to make contact with them as soon as possible, to offer help in whatever way you can. *Even if they don't need help right now, it will be very reassuring for them to know they have someone they can turn to in the future.* If we all help those who live closest to us, we can cover everyone. (If you want more forms, the template can be found at www.clipston.org).

If you are self-isolating and need help

Please contact any of the people below who can then help you to get support from someone close by. Lots of people have already talked about wanting to help others, so this is a way of connecting people who need help with those who are able to give it.
